WHAT SHOULD YOU DO?
add-on packet

We are excited to introduce the **"Picture This 2" add-on packet**, designed to complement your existing resources and take your child's problem-solving skills to the next level. This packet includes a variety of new problem-solving scenarios that encourage verbal discussion and critical thinking without the aid of visual cues.

Importance of Problem-Solving Skills:

Problem-solving is a crucial skill that supports a child's cognitive development, helping them to think independently and make decisions confidently. By engaging in problem-solving activities, children learn to approach challenges methodically, consider multiple perspectives, and develop resilience in the face of obstacles.

How to Use the Picture This 2 Packet:

In this add-on packet, you will find a collection of scenarios that can be discussed verbally with your child. These scenarios are designed to:

- **Stimulate Critical Thinking:** Encourage your child to analyze situations, think through possible solutions, and explain their reasoning.
- **Enhance Communication Skills:** Help your child articulate their thoughts clearly and listen to others' ideas.
- **Promote Creativity:** Foster imaginative thinking by prompting your child to come up with innovative solutions.

To make these activities enjoyable and engaging, consider the following tips:

- **Turn it into a Game:** Set up a "problem-solving challenge" where your child earns points for creative solutions.
- **Role-Playing:** Act out the scenarios with your child, taking turns to present and solve problems.
- **Incorporate Rewards:** Offer small rewards for thoughtful and well-explained solutions to motivate your child.
- **Discussion Time:** Allocate a special time each day to discuss a scenario, making it a fun and anticipated activity.

We hope that the Picture This 2 add-on packet will be a valuable addition to your educational toolkit. By working on these problem-solving scenarios verbally, your child will develop essential skills that will benefit them in all areas of life.

Thank you for your continued dedication to nurturing your child's growth and learning.
